INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Virginia Beach Directory since 1962), present to subscribers and the general public, this, the 1967 edition of the Virginia Beach City Directory, which also includes the Rural Route Residents. In all, the Hill Directory Company and its affiliated companies publish more than 1,400 city, county, state and national Directories.

Confidence in the growth of Virginia Beach's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Virginia Beach to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Virginia Beach Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and address of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Virginia Beach, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Virginia Beach, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers and zip code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a port, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Virginia Beach and vicinity.

The Virginia Beach Out-of-Town City Directory Library

Through the courtesy of the publishers of the Virginia Beach City Directory, a Directory Library is maintained in the offices of the Virginia Beach Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Statistical Review

Virginia Beach, a resort of 2 square miles until its 1963 merger with historic Princess Anne County, is now known as The "World's Largest Resort City". The Present city comprised of seven boroughs now ranks ninth in the nation area-wise. It extends from Cape Henry and the Chesapeake Bay on the north to the North Carolina line of the south, from the Atlantic Ocean west to the Norfolk and Chesapeake City limits. The city covers 312 square miles.

Behind its 28 mile ocean shoreline are 60,383 acres of rich farmland, nine beautiful residential areas, 25 middle income housing complexes, four military installations, nine major shopping centers and 57 square miles of lake and bay water.

With a population of 150,000, the city is as highly diversified in its income as it is in its character. Appropriately termed "A land of play, plenty and pleasant living", it derives a \$35,000,000 income from agriculture, approximately as much from tourism. . . ever varying military and civil service pay-rolls run into the tens of millions, accounting for about fifty per cent of total payrolls in the city.

Even prior to the merger, growth in the resort city of Virginia Beach and in Princess Anne County was significantly pronounced. Today it is noted as one of the fastest growing cities on the eastern Seaboard.

For several years the oceanfront resort strip has been under-going a vast transformation with luxurious new motels. In 1966, eight new accommodations opened.

The opening of The Chesapeake Bay Bridge-Tunnel in April 1964 brought eastern metropolitan areas 70 miles closer to Virginia Beach and put Virginia Beach directly on the fastest north-south route. This new facility spanning Chesapeake Bay has been predicted by economists to pour additional millions into the Tidewater area. Its greatest benefit will be to tourism, but agri-business, commerce and industry will reflect the impact of this new facility.

In contrast to change and progress on-the-move, in Virginia Beach are historic landmarks that stand as silent reminders of the beginning and development of this historic coast line. On Cape Henry, a high granite cross, silhouetted against ocean and sky, marks the landing dunes of the first permanent English colonists. Nearby stands the oldest government built lighthouse (1791), which served mariners entering the Capes until 1881 when a new lighthouse was constructed.

As progress-proof as the cross and the lighthouse are 2,770 unspoiled acres of Seashore State Park. Also on Cape Henry, this state-operated park has been acclaimed by botanists as a horticultural wonderland-for here the infinite variety of northern and southern horticulture meets, enthralling nature lovers with the contrast of cypress swamps draped with Spanish moss to cliff-like sand dunes studded with yucca.

Equally fascinating for natural beauty and bird lovers is Back Bay at the southern most part of the new city. Its colorful marshes and broad expanses of fine bass waters are on the north-south fly-way. Every year, the country's largest flock of greater snow geese winters along the 45 mile shoreline of Back Bay and Currituck Sound.

With a year 'round temperature average of around 55 degrees, Virginia Beach enjoys an ideal climate with a decided definition of season. Floral beauty in the spring brings visitors and holidayers from many states to enjoy the profusion of azaleas, dogwood and other flowering shrubs and trees. In late summer, the crepe myrtle is equally prevalent throughout the city.

Back Bay, a sportsman's paradise!

Virginia Beach is a floral wonderland in the Spring.

Pleasure facilities for vacationers have been expanded also. Back of the oceanfront, a new marina provides rental sailboats, outboards, a conopied sightseeing boat and ski tow service, equipment and instruction. The sheltered bay waters of picturesque Linkhorn and Broad Bay are popular for water sports, fishing and sightseeing.

For underwater adventure, snorkeling and skin diving invite the veteran or novice to explore ocean reefs and shipwrecks off Virginia's unspoiled Outer Banks. The less daring may share the unique experience of seeking this strip of starkly beautiful beach and sand dunes by taking a jeep junket all the way to the North Carolina line. The jeep buggy runs between the surf and tall dunes, stopping for camera enthusiasts to snap the cypress stumps standing grotesquely in the surf, to catch flocks of sea birds taking wing and to photograph old coast guard stations and remnants of shipwrecks along the way.

Jeep buggy rides along the starkly beautiful Virginia Outer Banks is a popular attraction.

Vacationing on the seashore of Virginia is most popular with families.

NORWEGIAN LADY, the nine-foot bronze statue at 25th Street and the oceanfront, has been admired by thousands of visitors and residents.

Fun and frolic in the surf at Virginia Beach.

Riding the waves is a favorite sport at Virginia Beach.

Looking north to Cape Henry across Virginia Beach's oceanfront resort, where new construction is altering the skyline, 8 miles to the west the Mighty Chesapeake Bay Bridge Tunnel enters "The World's Largest Resort City".

Biking on the Boardwalk is a favorite sport with Holidayayers at Virginia Beach

During the Annual Lotus Blossom Festival thousands admire the yellow blossoms that stretch for miles in the waterways at Sandbridge.

Virginia Beach's Skyline has a new "Gold Coast" look

Golfers enjoy a variety fare of fine golf courses.

Fisherman's Paradise — Virginia Beach
excels in fresh and salt water fishing.

Diversity of recreation vies with attractions to supplement the enjoyment of sun, surf and sand. Five fine golf courses are located in the new city. There are also miniature golf courses, driving ranges, an amusement park, bowling places and two gay miniature trains that serve as oceanfront taxis and sightseeing vehicles on the boardwalk.

A popular stop for visitors and residents is at 25th Street and the oceanfront where stands a beautiful, nine-foot, bronze statue, "The Norwegian Lady." The statue, a gift from Moss, Norway, was unveiled in September of 1962 and since that time has been admired by thousands.

The Alan B. Shepard Convention Center is now called The Alan B. Shepard Civic Center and serves the community as an auditorium, recreational center and exhibit hall.

★ *It is customary to include a Buyers' Guide in the City Directory because:*

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

**Do Not Lend Your
CITY DIRECTORY**

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CAUTION

T Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."
